€60,000,000,000 EURO MEDIUM TERM NOTE PROGRAMME

This supplement (the **Supplement**) to the base prospectus dated 15 June 2016 (the **Base Prospectus**), constitutes a supplement for the purposes of Article 13.1 of Chapter 1 of Part II of the Luxembourg Act dated 10 July 2005 on prospectuses for securities, as amended (the **Prospectus Act**) and is prepared in connection with the €60,000,000,000 Euro Medium Term Note Programme (the **Programme**) established by UniCredit S.p.A. (**UniCredit** and, in the case of Notes issued by UniCredit Bank Ireland p.l.c. and UniCredit International Bank (Luxembourg) S.A., the **Guarantor**), UniCredit Bank Ireland p.l.c. (**UniCredit Ireland**) and UniCredit International Bank (Luxembourg) S.A. (**UniCredit International Luxembourg**) (each an **Issuer** and together the **Issuers**). Terms defined in the Base Prospectus have the same meaning when used in this Supplement.

This Supplement is supplemental to, and should be read in conjunction with, the Base Prospectus.

Each of the Issuers and the Guarantor accepts responsibility for the information contained in this Supplement. To the best of the knowledge of each of the Issuers and the Guarantor (which have taken all reasonable care to ensure that such is the case) the information contained in this Supplement is in accordance with the facts and contains no omissions likely to affect its import.

Purpose of the Supplement

The purpose of the submission of this Supplement is to (i) update the “Documents Incorporated by Reference” section of the Base Prospectus to incorporate by reference some recent press releases relating to UniCredit, (ii) update the “Summary Note” section of the Base Prospectus and (iii) update the “Risk Factors” section of the Base Prospectus.

Documents Incorporated by Reference

Press release dated 24 June 2016

On 24 June 2016, UniCredit issued a press release concerning the borrowing via TLTROs ECB at Group level.

A copy of the press release dated 24 June 2016 has been previously published and has been filed with the CSSF and, by virtue of this Supplement, such document is incorporated by reference in, and forms part of, the Base Prospectus.

The information set out in the following sections of the press release dated 24 June 2016 shall be incorporated in, and form a part of, the Base Prospectus:

Press Release “UniCredit: borrows €26.6b in ECB TLTRO Auction” dated 24 June 2016	Entire Document	All

Press releases dated 30 June 2016

On 30 June 2016, UniCredit announced that the Board of Directors of UniCredit had co-opted Jeanne Pierre Mustier and unanimously approved that, starting from 12 July 2016, he will take the position of Chief Executive Officer in replacement of Federico Ghizzoni.

In compliance with applicable regulations, the appointment of Mr. Mustier as Chief Executive Officer shall be assessed by the ECB.

UniCredit further announced that (i) the newly appointed Director, Mr. Mustier, declared being not independent pursuant to UniCredit’s articles of association, the corporate governance code for listed companies and Legislative Decree No. 58 of 24 February 1998 and (ii) Mr. Mustier, who will be qualified as executive director and will become General Manager starting from 12 July 2016, is not a member of any Board Committees of UniCredit. The co-optation of Mr. Mustier brings back to 17 the number of the members of the Board of Directors of UniCredit, which number was, up to today, below that resolved on by the Shareholders’ meeting due to the resignation of Mr. Manfred Bischoff.

Finally, UniCredit announced that the Board of Directors of UniCredit approved the resolution effective 31 December 2016 of the employment as General Manager of Mr. Federico Ghizzoni. The resolution of the employment of Mr. Ghizzoni and the terms and conditions of his exit package were approved, in line with the regulations on related parties, by the Board of Directors of UniCredit on the basis of the proposal made by the Remuneration Committee and after hearing the Board of Statutory Auditors and having informed the Related Parties and Investment in Equity Committee.

Copies of the press releases dated 30 June 2016 have been previously published and have been filed with the CSSF and, by virtue of this Supplement, such documents are incorporated by reference in, and form part of, the Base Prospectus.

The information set out in the following sections of the press releases dated 30 June 2016 shall be incorporated in, and form a part of, the Prospectus:

Risk Factors

- In the section entitled “Risk Factors”, the paragraph titled “*The UniCredit Group’s results of operations, business and financial condition have been and will continue to be affected by adverse macroeconomic and market conditions*” on pages 45-46 of the Base Prospectus is replaced with the following:

“The UniCredit Group’s results of operations, business and financial condition have been and will continue to be affected by adverse macroeconomic and market conditions

The Group’s performance is influenced by the conditions of the financial markets and the macroeconomic situations of the countries in which it operates. In recent years, the global financial system has been subject to considerable volatility and high uncertainty. The expectations on global economy remain uncertain in the short- and medium-term period. Additional sources of uncertainty are those related to the geopolitical environment, in particular to the United Kingdom’s potential exit from the European Union. For further information on the possible exit of the United Kingdom from the European Union see the Risk Factor below “*The Group is exposed to a number of risks relating to the United Kingdom’s potential exit from the European Union*”.

The high level of uncertainty and volatility have led, also in the countries in which the Group operates, to significant distortions in global financial markets, including high credit spreads, elevated volatility of the fixed income and equity market, reduction of market depth and, consequently, declining expected income deriving from the selling of financial assets.

The businesses of many leading commercial banks, investment banks and insurance companies have been therefore subject to significant pressure. Some of these institutions have failed or have become insolvent, have been integrated with other financial institutions, or have required capital injections or supplementary liquidity from governmental authorities and supranational organisations. Other negative elements, such as a rise in unemployment levels, and a general decline in the demand for financial services have further complicated the situation. The macroeconomic environment is currently characterized by high uncertainty in relation to: (a) trends in the real economy and especially in the expectations of recovery and consolidation of economic growth, especially with respect to countries such as the US and China which have been the main sources of growth in recent years; (b) developments of the ECB and FED monetary policy as well as of policies aimed at promoting competitive devaluations of their currencies implemented by various countries; (c) the sustainability of sovereign debt of some countries and related tensions occurring, more or less repeatedly, on the financial markets. In particular: (i) the recent developments regarding Greece and the sustainability of its debt have placed significant uncertainties on the future permanence of Greece in the euro area, and, in an extreme perspective, maintain alive the possibility of contagion between sovereign debt markets in different countries, and (ii) the recent turmoil in major Asian financial markets, China in particular. There is therefore the risk that the future evolution of the context cited above will produce negative effects on the Group’s business, results and financial position.

The slowdown of the economy in the countries in which the Group operates has had, and could continue to have, adverse effects on its operations, financing costs, share price and the value of its assets and has led to, and could continue to lead to, additional costs relating to devaluations and decreases in asset value. This could in turn lead

to a decrease in profitability with a significantly adverse effect on the operating results and the economic, equity and / or financial position of the Group.

All of the above could be further impacted by policy measures affecting the currencies of countries where the Group operates as well as by political instability in such countries and/or the inability of the governments thereof to take prompt action to confront the financial crisis. This could in turn lead to a decrease in profitability with a significantly adverse effect on operating results and the Group's business, results and financial position."

2. In the section entitled "Risk Factors", on page 46 after the risk factor entitled "*The UniCredit Group's results of operations, business and financial condition have been and will continue to be affected by adverse macroeconomic and market conditions*" the following risk factor is included:

"The Group is exposed to a number of risks relating to the United Kingdom's potential exit from the European Union

On 23 June 2016, the United Kingdom held a referendum to decide on the United Kingdom's membership of the European Union. The United Kingdom vote was to leave the European Union. There are a number of uncertainties in connection with the future of the United Kingdom and its relationship with the European Union. The negotiation of the United Kingdom's exit terms is likely to take a number of years. Until the terms and timing of the United Kingdom's exit from the European Union are clearer, it is not possible to determine the impact that the referendum, the United Kingdom's departure from the European Union and/or any related matters may have on the business of the Issuer. As such, no assurance can be given that such matters would not adversely affect the ability of the relevant Issuer to satisfy its obligations under the Notes and/or the market value and/or the liquidity of the Notes in the secondary market."

Summary Note of the Base Prospectus

The Summary Note of the Programme included in the Base Prospectus is deleted in its entirety and replaced with the information set out in the Appendix 1 to this Supplement.

Element D.2 of the Summary Note has been updated to include reference to the risk factor added in the section of the Base Prospectus entitled "Risk Factors".

Element E.4 of the Summary Note has also been updated.

General

To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference into the Base Prospectus by this Supplement and (b) any other statement in or incorporated by reference in the Base Prospectus, the statements in (a) above will prevail.

Save as disclosed in this Supplement, there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectus since the publication of the Base Prospectus.

Copies of this Supplement and all documents incorporated by reference in the Base Prospectus can be obtained free of charge from the office of each of the Issuers and from the specified office of the Paying Agents for the time being in London and Luxembourg as described on page of the Base Prospectus. Copies of this Supplement and all documents incorporated by reference in the Base Prospectus will also be published on the Luxembourg Stock Exchange's website (www.bourse.lu).

In accordance with Article 13.2 of Chapter 1 of Part II of the Prospectus Act, investors who have agreed to purchase or subscribe for Notes issued under the Programme before this Supplement is published have the right, exercisable before the end of the period of two working days beginning with the working day after the date on which this Supplement was published, to withdraw their acceptances. This right to withdraw shall expire by close of business on 8 July 2016.

Appendix 1

Summary of the Programme

Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Sections A – E (A.1 – E.7).

This Summary contains all the Elements required to be included in a summary for the Notes, the Issuers and the Guarantor. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "not applicable".

Section D – Risks

Element	Title	
D.2	Key risks regarding the Issuers [and the Guarantor]	<p>In purchasing Notes, investors assume the risk that the Issuers and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuers and the Guarantor becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuers and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuers' and the Guarantor's control. The Issuers and the Guarantor have identified a number of factors which could materially adversely affect their businesses and ability to make payments due under the Notes. These factors include:</p> <ul style="list-style-type: none"> • risks concerning liquidity which could affect the UniCredit Group's ability to meet its financial obligations as they fall due; • the UniCredit Group's results of operations, business and financial condition have been and will continue to be affected by adverse macroeconomic and market conditions; • the Group is exposed to a number of risks relating to the United Kingdom's potential exit from the European Union; • the European sovereign debt crisis has adversely affected, and may continue to, adversely affect the Group's results of operations, business and financial condition; • the Group has exposure to European sovereign debt; • the liquidity available at country level could be subject to restrictions due to legal regulatory and political constraints; • systemic risk could adversely affect the Group's business; • risks connected to an economic slowdown and volatility of the financial markets – credit risk; • deteriorating asset valuations resulting from poor market conditions may adversely affect the Group's future earnings; • the economic conditions of the geographic markets in which the Group operates have had, and may continue to have, adverse effects on the Group's results of operations, business and financial condition; • non-traditional banking activities expose the Group to additional credit risks; • unidentified or unanticipated risks, by their nature, might not be captured in the current Group's risk management policies; • fluctuations in interest and exchange rates may affect the Group's

		<p>results;</p> <ul style="list-style-type: none"> • changes in the Italian and European regulatory framework could adversely affect the Group's business; • implementation of Basel III and CRD IV; • forthcoming regulatory changes; • ECB Single Supervisory Mechanism; • The bank recovery and resolution directive is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The taking of any such actions (or the perception that the taking of any such action may occur) could materially adversely affect the value of any Notes and/or the rights of Noteholders; • Implementation of BRRD in Luxembourg; • Implementation of BRRD in Ireland; • as of 2016 the UniCredit Group is subject to the provisions of the Regulation establishing the Single Resolution Mechanism; • the UniCredit Group may be subject to a proposed EU regulation on mandatory separation of certain banking activities; • the UniCredit Group may be affected by a proposed EU Financial Transactions Tax; • the UniCredit Group may be affected by new accounting and regulatory standards; • operational and IT risks are inherent in the Group's business; • intense competition, especially in the Italian market, where the Group has a substantial part of its businesses, could have a material adverse effect on the Group's results of operations and financial condition; • on 11 November 2015 the Board of Directors of UniCredit approved a new Strategic Plan. <p>The Strategic Plan 2018 is based on a series of estimates and projections relating to the occurrence of future events and actions that will have to be undertaken by the management during the time horizon of the Strategic Plan.</p> <p>The main projections on which the Strategic Plan 2018 is based include those relating to the macroeconomic scenario, which cannot be influenced by the management, as well as hypothetical assumptions relating to the effects of specific actions or concerning future events which can only be partially influenced by the management and which may not happen or may change over the period of time covered in the plan. These circumstances could therefore mean that the actual results achieved may differ considerably from the forecasts, and could have significant repercussions on the Group's prospects;</p>
--	--	--

		<ul style="list-style-type: none"> • In light of the uncertainty that characterises not only the projected data, but also the potential effects of the actions and managerial choices of the Group's management based on the Strategic Plan 2018, investors are reminded that they should not make their investment decisions based exclusively on this data; • risks related to the Goodwill Impairment Test; • any rating downgrades of UniCredit or other entities of the Group would increase the re-financing costs of the Group and may limit its access to the financial markets and other sources of liquidity; • as at the date of this Base Prospectus, there are certain legal proceedings pending against UniCredit and other companies belonging to the Group; and • the Group is involved in pending tax proceedings.
<p>D.3</p>	<p>Key risks regarding the Notes</p>	<p>There are also risks associated with the Notes. These include a range of market risks (including that there may be no or only a limited secondary market in the Notes, that the value of an investor's investment may be adversely affected by exchange rate movements where the Notes are not denominated in the investor's own currency, that any credit rating assigned to the Notes may not adequately reflect all the risks associated with an investment in the Notes or may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency and that changes in interest rates will affect the value of Notes which bear interest at a fixed rate), the fact that the conditions of the Notes may be modified without the consent of the holder in certain circumstances, that the holder may not receive payment of the full amounts due in respect of the Notes as a result of amounts being withheld by the Issuer in order to comply with applicable law and that investors are exposed to the risk of changes in law or regulation affecting the value of Notes held by them.</p> <p>Key risks regarding to certain types of Notes</p> <p>Notes subject to optional redemption by the relevant Issuer: the relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.</p> <p>If the relevant Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.</p> <p>Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates.</p> <p>There are certain risks associated with investing in Senior Notes. These risks include the risk connected with the right of the Issuer to redeem the Senior Notes upon the occurrence of a Loss Absorption Disqualification Event.</p>

		<p>There are certain risks associated with investing in Subordinated Notes. These risks include:</p> <ul style="list-style-type: none"> • an investor in Subordinated Notes assumes an enhanced risk of loss in the event of the relevant Issuer's insolvency as UniCredit and UniCredit Ireland obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority of payment to Senior Liabilities; • Subordinated Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer. Investors should be aware that, in addition to the general bail-in tools, the bank recovery and resolution directive contemplates that Subordinated Notes may be subject to a write-down or conversion into common shares at the point of non-viability should the Bank of Italy, the Central Bank of Ireland or other authority or authorities having prudential oversight of the relevant Issuer at the relevant time (the Relevant Authority) be given the power to do so. The Subordinated Notes issued under the Programme include provisions setting out that the obligations of the relevant Issuer under such Subordinated Notes are subject to the powers of the Relevant Authority pursuant to applicable law and/or regulation in force from time to time; and • the regulatory classification of the Notes - although it is the Issuers' expectation that the Notes qualify as "Tier 2 capital" there can be no representation that this is or will remain the case during the life of the Notes. <p>There are certain risks associated with investing in Inflation Linked Interest Notes. These risks include:</p> <ul style="list-style-type: none"> • potential investors in any such Notes should be aware that depending on the terms of the Inflation Linked Interest Notes they may receive no interest or a limited amount of interest; • Inflation Linked Interest Notes may be subject to certain disruption provisions or extraordinary event provisions and if the Calculation Agent determines that any such event has occurred this may delay valuations under and/or settlements in respect of the Notes and consequently adversely affect the value of the Notes; • the market price of Inflation Linked Interest Notes may be volatile and may depend on the time remaining to the maturity date or expiration and the volatility of the level of the inflation or consumer price index or indices; and • the level of the inflation or consumer price index or indices may be affected by the economic, financial and political events in one or more jurisdictions or areas. <p>There are certain risks associated with investing in Renminbi Notes. These risks include:</p> <ul style="list-style-type: none"> • the Renminbi is not freely convertible and there are significant restrictions on the remittance of the Renminbi into and outside the PRC which may affect the liquidity of the Notes; • there is only limited availability of Renminbi outside the PRC,
--	--	--

		<p>which may affect the liquidity of the Notes and the relevant Issuer's ability to source Renminbi outside the PRC to service the Renminbi Notes;</p> <ul style="list-style-type: none"> • an investment in Renminbi Notes is subject to exchange rate risk and interest rate risk; • an investment in Renminbi Notes is subject to interest rate risk; • an investment in Renminbi Notes is subject to risk of change in the regulatory regime governing the issuance of Renminbi Notes; and • payments in respect of the Renminbi Notes will only be made to investors in the manner specified in the Renminbi Notes; <p>The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.</p> <ul style="list-style-type: none"> • Credit ratings assigned to the Issuers, the Guarantor or any Notes may not reflect all the risks associated with an investment in those Notes.
